Since 1993, X-ISS has helped clients of all sizes in implementing high performance and high reliability solutions.

X-ISS is a privately owned company, certified as a Minority Business Enterprise (MBE) by the National Minority Supplier Development Council (NMSDC) and as a Historically Underutilized Business (HUB) by the State of Texas.

MANAGEMENT & ANALYTICS SOLUTIONS FOR CLUSTERS

Businesses evolve and change with market demands, and that means High Performance Computing (HPC) issues change, too. When your current HPC resources are strained or even non-existent, X-ISS steps in to relieve the pressure and provide excellent HPC solutions.

X-ISS is an HPC software and services provider focused on four core practices: DecisionHPC®, ManagedHPC®, CloudHPC, and ProjectHPC®. Having successfully installed thousands of Linux and Windows cluster nodes, our HPC expertise is unmatched. When you add to that experience a commitment to exceptional customer service and quality, X-ISS provides a value proposition that is second to none. X-ISS brings together the right team to meet your needs in a timely manner. With a keen eye for value, an ability to work with multiple hardware and software providers, and a process that ensures quality while still monitoring cost, X-ISS delivers solutions that realize a positive return on your investment.

"X-ISS is a trusted partner for Digital Globe. Their expertise is unparalleled and we never think twice about calling them in for special projects or to achieve mission critical results."

- Jason Bucholtz, Digital Globe

DecisionHPC

- Business analytics for heterogeneous clusters
- Measure and improve HPC productivity

ManagedHPC

- Fulfill need for HPC full-time staff
- Users focus on work, not administration

CloudHPC

- Get your cloud up & running quickly
- Improve HPC elasticity & management

ProjectHPC

- Get your cluster up & running quickly
- Get HPC applications running and validated

"What's unique about X-ISS is their quality and responsiveness. They are there 24/7 for us."

- Nick Bernitsas, GXT
